

Tentative Course Offerings by the Biology Department Over the Next Two Years (*Revised April 2012*)

Please note that the frequency of course offerings below is **subject to change without notice**, because of changes in faculty availability, sabbaticals and leaves, and other circumstances. Please confer with the department chair to confirm the offerings of specific courses and check the Banner interactive schedule for each semester's course schedule.

Fall Semester 2012	January Term 2013	Spring Semester 2013	Summer 2013
Introductory Microbiology Human Anatomy and Physiology I Molecules, Cells and Organisms (3) Genes, Evolution, Diversity and Ecology Genetics Molecular Biology Neurobiology Invertebrate Zoology ^Z Mammalian Physiology ^Z Natural History of Vertebrates ^Z Plant Physiology ^B Animal Behavior ^Z Evolution Capstone Senior Seminar I Capstone Senior Seminar II	Biology and the Modern World Introductory Ecology Economic and Cultural Botany ^B Histology Capstone Senior Seminar I (reserved only for students with exceptional circumstances preventing enrollment during Fall 2012 → please discuss with Chair of Biology prior to Fall registration)	Biology and the Modern World Human Anatomy and Physiology II Molecules, Cells and Organisms (2) Genes, Evolution, Diversity and Ecology (2) Genetics Developmental Biology Microbiology Cell Biology Comparative Anatomy ^Z Conservation Biology and Management Ecology Marine Biology Plant Diversity and Distribution ^B Special Topics in Biology 387 (NS) Capstone Senior Seminar I Capstone Senior Seminar II	A Non-Majors Course Human Anatomy and Physiology I Human Anatomy and Physiology II An Upper Division Course
Fall Semester 2013	January Term 2014	Spring Semester 2014	Summer 2014
Introductory Microbiology Human Anatomy and Physiology I Molecules, Cells and Organisms (3) Genes, Evolution, Diversity and Ecology Genetics Molecular Biology Neurobiology Mammalian Physiology ^Z Natural History of Vertebrates ^Z Plant Physiology ^B Ecology Evolution Capstone Senior Seminar I Capstone Senior Seminar II	Histology Comp. Ecology of Latin America Capstone Senior Seminar I (reserved only for students with exceptional circumstances preventing enrollment during Fall 2013 → please discuss with Chair of Biology prior to Fall registration)	Biology and the Modern World Introductory Ecology Human Anatomy and Physiology II Molecules, Cells and Organisms (2) Genes, Evolution, Diversity and Ecology (2) Genetics Cell Biology Developmental Biology Microbiology Immunology Comparative Anatomy ^Z Ornithology ^Z Economic and Cultural Botany ^B Animal Behavior ^Z Marine Biology Plant Diversity and Distribution ^B Capstone Senior Seminar I Capstone Senior Seminar II	A Non-Majors Course Human Anatomy and Physiology I Human Anatomy and Physiology II An Upper Division Course

Blue = Molecular/Cellular Distribution; Red = Organism Structure and Function Distribution; Green = Ecology and Evolution Distribution; Z = Zoological Course; B = Botanical Course
