Looking Ahead

Smartphones are a great way to keep all your calendars and email in the palm of your hand. While it is not required, we do recommend investing in a smartphone for a hassle-free way to stay organized.

Banking representatives will be available in the Anderson University Center on Thursday, September 4th to assist you with all your banking needs.

Personal computers are recommended to aid in your coursework. The minimum recommendations for both PC and Mac are posted at www.plu.edu/helpdesk. Click "Getting Started with Technology."

Student Employment is just a click away. Get a jump-start on finding a job at www.plu.edu/studentemployment. Don't forget to bring your photo identification and social security card for hiring paperwork.

PLU is all about building a sustainable community. Before you arrive, please consider:

- Do you really need a car? PLU has a walkscore of 75/100, plus we have a free bike co-op to rent or fix any kind of bike. PLU has two Zipcars on campus available for Zipcar members and the local transit center is also only two blocks away so you can get wherever you need!
- Do you have a favorite mug and water bottle? You should bring them! There are water-bottle refilling stations in every major building and all of the cafes and coffee shops on campus give discounts for bringing your own mug. There is no bottled water sold on campus so a re-usable water bottle is a must!
- Do you have a power-saving power strip? There will be one with your room for you to use for multiple appliances and energy conservation all at the same time.
- Do you really need a mini-fridge? If you're living on campus, you'll have a meal plan so you'll already have food available. You'll also have access to a full sized fridge on every floor of the residence halls for anything you need.

See You Soon!
