

PACIFIC LUTHERAN UNIVERSITY SCHOOL OF NURSING

Comparable Course Guide

All students seeking admission to PLU School of Nursing programs are required to successfully complete all nursing prerequisites prior to matriculation. Prerequisite and co-requisite requirements vary by nursing program. Please refer to the PLU Catalog or School of Nursing website (www.plu.edu/nursing) for further details.

The following is a list of courses offered at universities and colleges, mostly in Washington, that are considered equivalent to the prerequisite/co-requisite courses at Pacific Lutheran University. Applicants may be required to submit additional information for coursework completed at accredited institutions outside the state of Washington. *This chart is to be used as a guide only; official decisions regarding acceptance of transfer credit are made by the PLU Registrar.*

ALL SCIENCE COURSES should be taken within the last 6 years and REQUIRE ON-SITE LABS.
