

Pacific Lutheran University

International Honors Program

On-Campus Alternative Course Authorization Form

(11/09)

Under special circumstances students in the International Honors Program may request authorization to fulfill an International Honors requirement through an alternative on-campus course. These may include: 1) a 301-level foreign language course taken on campus that is specifically designed to meet the learning objectives of 200-level IHON courses; 2) on rare occasion and under extenuating circumstances, another university course, provided that a special arrangement has been made in advance with the course professor, the student, and the IHON chair.

Students seeking authorization to fulfill a required IHON course through one of the two above means will complete this form, obtain the required signatures, and return to the Student Services Center for processing.

Student Name: _____ I.D. Number: _____

Campus email address: _____ Expected date of graduation: _____

Alternative Course

IHON Course Equivalency
