

STUDENT CONDUCT AT PACIFIC LUTHERAN UNIVERSITY - A COMMUNITY PHILOSOPHY

As members of the PLU community, we assume students possess an earnest purpose, the ability to exercise mature judgment, the ability to act in a responsible manner, a well-developed concept of and commitment to honor, morality and integrity, and a respect for law and the rights of others.

PLU adopts only such policies, rules and regulations that seem necessary for the welfare of the educational community. Each student associated with PLU is expected to be familiar with and to follow all policies, rules and regulations promulgated by the university, as well as local, state and federal laws. Failure to abide by the policies, rules, and regulations may result in disciplinary action(s) outlined in "The Student Conduct System."

NOTIFICATION FROM STUDENT LIFE

Students experiencing a family or personal emergency (death in the family, unplanned hospitalization, etc.) may contact the Student Life Office to request that their faculty be notified. The Student Life Office will communicate with the professors of the courses in which the student is registered. Such communications should not be considered an excused absence but rather a courtesy extended to students that have reported an emergency and are unable to contact faculty members at that time.
