Important Information:

- See the PLU Catalog & the Dual-Degree Director for details about specific PLU requirements, information on possible additional requirements at other institutions & Pass/Fail recommendations.
- Awarding of the PLU Degree is contingent upon the completion of an engineering degree from an ABET-Accredited program.

### Other Degree Requirements

1. A minimum of 128 semester hours (to be taken at PLU & an ABET-Accredited Engineering Program) must be completed with a GPA of 2.00 or higher.\*
2. In addition to the requirements of this major, students must complete all other requirements of the University as listed in the catalog.
3. All courses counted toward a Physics major must be completed with grades of C- or higher & with a cumulative GPA of 2.00 or higher in those courses.\*
4. The BA in Physics requires completion of the College of Arts & Sciences Requirement.
5. No more than 44 hours from any one department may be counted toward the 128 hours required for graduation.
6. At least 8 semester hours for the major must be taken in residence at PLU.

\*The GPA & grade minimum required by other institutions for their particular engineering programs are different. Please see the catalog & consult with the Dual-degree Director for specifics.

### GRADUATION CLEARANCE:

All requirements of the major/minor described above have been met or will be met with final coursework.
