

QUALITY IMPROVEMENT PROJECT GRADING CHECKLIST

	<u># Points</u>	<u>Comments</u>
Assessment leads to problem identification Subjective data Objective data Problem(s) identified	20	excellent key informant selection
Analysis leading to nursing diagnosis Categorization of data Identification of data gaps & incongruities Determination of patterns Identify strengths & concerns Establish casual relationships Management diagnosis(es)	10	amazing data analysis - good level excellent charts good graphics
Planning Goal(s) Objectives Rationale & integration of literature Nursing (#5 minimum) Business (#5 minimum) Meeting minutes	30	excellent systems analysis germs in - through - & out !!! correct format good
Implementation Leadership style Management skills Resources utilized	20	ide well described, but my source is textbook?! (-3)
Evaluation Effectiveness of interventions What you learned from experience What you would do differently next time Plan for skill acquisition	10	good - I work on managing conflict??!
Format Bibliography/references APA format Spelling Punctuation Clarity of expression Syntax	10	main APA issue on ref. list (-1)

Unbelievable amt of work here - at the graduate level!
 Appreciated the flow sheet, time line, executive summary, proposed use of faculty, mock-up poster (creative).
 Very professional presentation
 I'd like to share your paper with the Dean!
