CHOOSE YOUR CLASSES AT PLU IN 6 SIMPLE STEPS
You will experience all sorts of individualized attention at PLU, and one of the very first is our personalized New Student Registration. It’s very important to all of us that you get off to an excellent start as a Lute. That’s why we spend extra, one-on-one time with you during New Student Registration to discuss your academic background, your preferred major(s) and your hopes for college, and to help you choose the right classes for Fall semester.

Everyone at PLU is eager to get to know you and help you succeed. Registration is just one way PLU makes your college experience uniquely yours:

• You’ll be assigned a personal academic advisor;

• Classes are small and taught by professors, with the highest degrees in their fields, who will know you;

• PLU guarantees that your first-semester classes will be the right start to your on-time graduation—and your Academic Advisor, along with helpful online tools, will keep you on track throughout your college career;

• Our First-Year Experience courses (see Page 8 for more) ease your personal transition to the academic rigors of college.

We invite you to join us on campus or via phone or Skype in June for New Student Registration.

SIMPLY TURN THE PAGE TO GET STARTED!
SCHEDULE YOUR REGISTRATION APPOINTMENT

All incoming students will meet with a Registration Counselor to register for Fall 2015 classes. At these meetings, you can discuss course selection, areas of interest and academic preparation. Here’s how to set up your appointment:

DO THIS FIRST!

1. Pay your Enrollment Deposit online at www.plu.edu/bealute.
2. Register for your PLU ePass email account at www.plu.edu/myepass.

THEN... REQUEST YOUR REGISTRATION APPOINTMENT

Go to www.plu.edu/academic-advising, click on New Student Registration and enter your preferred registration dates and times.

We’ll send an email (to your new PLU email account) confirming your appointment once your request is processed.

FOR YOU TO DO!

Check your PLU email and write the date and time of your registration appointment here:
COMPLETE YOUR PLACEMENT EVALUATIONS

All students are required to take Placement Evaluations before continuing in Math or Foreign Language study at PLU. If you’re planning to study Biology, Business, Chemistry, Computer Science, 3-2 Engineering, Physics or Math, you must complete the Math Placement Evaluation prior to New Student Registration in order to be on track to complete your degree.

BEFORE JUNE 3:

☐ Complete the Math Placement Evaluation.
☐ Complete the Foreign Language Placement Evaluation.
☐ Placement results will be emailed to you after PLU faculty members assess your evaluation(s).

EVALUATION LINKS
Access the Math and Foreign Language Placement Evaluations at www.plu.edu/academic-advising under New Student Registration.

LEARN ABOUT ELEMENTS OF GENERAL EDUCATION

PLU’s General Education Program, grounded in liberal arts, Lutheran education and scientific perspectives, prepares you for a courageous life of thoughtful inquiry, service, leadership and care—for other people, communities and the Earth. Through a wide range of topical and engaging classes, we welcome you into ongoing conversations about nature and the human condition—challenging you to think critically, discern and formulate values, express yourself effectively and creatively, interact with others respectfully and understand the world from various perspectives.

ADMISSION REQUIREMENTS

Mathematics: Two years of college-prep math, with a C average or better.
Foreign Language: Two years of one foreign language, with a C average or better.

CREDIT REQUIREMENTS

You must complete 128 credits to graduate from PLU. To stay on track to graduate in four years, students typically take 32 credits each academic year. Most students take 12-13 credits their first semester, four credits in January and 16 credits their second semester. You must complete 30 credits to become a sophomore.

INTERNATIONAL HONORS PROGRAM

IHON is a rigorous alternative to PLU’s General Education Program, offering interdisciplinary courses that explore contemporary issues and their historical foundations through an integrated, multinational approach. More information: www.plu.edu/honors.

FIRST-YEAR CLASSES FOR COLLEGE SUCCESS

PLU’s First-Year Experience Program (FYEP) is required for all students with fewer than 30 semester hours of transferable college-level work. Get started with one of these seminar courses in your Fall semester. You will enroll in your second FYEP seminar during January Term or Spring semester. (Learn more on Page 8.)

FYEP 101: FIRST-YEAR WRITING SEMINAR (four credits) will be taken in your first Fall semester. With only 16 first-year students in each course, you will improve your college-level writing skills within the context of a unique topic that interests you.

FYEP 190: FIRST-YEAR INQUIRY SEMINAR (four credits) may be taken during January Term or Spring semester. During your inquiry seminar, you will be introduced to a field of study with about 20 other first-year students.

PSYC 113: CAREER & EDUCATIONAL PLANNING (one credit) Career and Educational Planning is for students who are interested in exploring academic majors and minors at PLU and future careers. There is also an emphasis on identifying your individual strengths and how those strengths support your success in college. Open to all first-year students.

See seminar options for Fall semester: www.plu.edu/first-year

CRAFTING A COURSE SCHEDULE

Most students take 12-13 credits during their first semester at PLU (full-time enrollment is 12-17 credits per semester). Since most classes are four credits, a 12-credit load would include three classes. To put together a complete (and manageable) first-semester schedule, consider one FYEP course (see Page 6), one General Education course (see Page 5) and one course that explores your potential major.

FOR YOU TO DO!

How many credits would you like to take your first semester?

Considering a Spring sport?

Athletes with competitive seasons in the Spring are advised to take a heavier course load (16 credits) in the Fall.

LEARN MORE

www.plu.edu/academic-advising
Everyone at PLU works together to ensure that your first year at PLU is a success on every level—from introducing you to university life to providing challenge and support throughout the year.

Our First-Year Experience Program (FYEP) is unique because PLU’s blend of academically rigorous liberal arts and professional programs is so unique—and we are committed to helping you thrive through it all.

In supporting your successful transition to college, FYEP creates small learning communities that emphasize three foundational skills and values: literacy, critical reflection and community.

As a result, all first-year students take two FYEP seminars:

1. **FYEP 101: Writing Through Inquiry seminars** focus on timely topics and themes that encourage reflection, dialogue, debate and effective writing.

2. **FYEP 190: Inquiry in the Disciplines** introduces methods and topics of study within a particular discipline to build critical thinking, reading and discussion.
In addition to a regular slate of other courses each semester, all first-year students enroll in an intensive, one-month, four-credit course in January (which we call J-Term).

But your first year isn’t all work and no play! FYEP also offers community-building activities throughout the year, including:

1. **The Common Reading Program.** So that every student starts at PLU with at least one shared experience, students, faculty and staff read the same book over the summer in preparation for Fall Orientation book discussions.

2. **The Annual Explore! Retreat.** In early January, first-year students gather off-campus to examine vocation, “big enough” questions and character strengths that support college and career success.

All told, the entire PLU community commits to help you get situated; connect with services that address your social, emotional and learning needs; and succeed throughout your first year—and beyond.
WELCOME HOME TO PLU!

Living on campus is an integral component of The PLU Experience. At PLU, we call our living facilities “residence halls” because they are SO much more than a “dorm”: Our 10 dynamic on-campus living and learning environments are fun, supportive, convenient—and a terrific value on many levels.

COST

★ Remember: Financial aid also applies to room and board—meaning savings of up to $3,500 off the “sticker price.”
★ Commuting costs more than you might think: Consider gas, parking, food... and your valuable time.

BENEFITS

Students who live on campus have:
★ a built-in community to share fun, meals, studying and more;
★ support and resources nearby, with a live-in professional Resident Director and a trained student Resident Assistant right down the hall.

Devin Harrison, '17
2014-15 Resident Assistant for the First in the Family Community, former Ordal Hall resident

HIGHER RETENTION RATES

Students who live at PLU their first semester come back the following fall at a rate nearly 20% higher than students living off campus.
More Benefits

Students who live on campus have:

- more interaction with peers and faculty;
- better access to learning resources, academic and institutional support and upper-level students who serve as role models;
- greater satisfaction with the college experience;
- increased opportunities to assume leadership positions on campus;
- and easier access to classes, athletic events and campus programming.

The Basics of Campus Living

- All first-year students are guaranteed housing.
- Trained professional staff—not computers!—hand-match roommates.

Apply for Housing

The new-student housing application is available online through the Office of Admission. To secure your room at PLU, just apply for housing and pay your Enrollment Deposit. You may do both online at www.plu.edu/bealute.

Higher Graduation Rates

Students who live on campus for four or more semesters graduate from PLU at a higher rate than students who never live on campus.

- **85.7%** ON-CAMPUS
- **44.1%** OFF-CAMPUS

Higher GPAs

At PLU from 2005-13, first-year students who lived on campus earned an average 3.05 GPA, compared to 2.61 for students who lived off campus.

- **3.05 GPA** ON-CAMPUS
- **2.61 GPA** OFF-CAMPUS

A Greater Sense of Belonging

Students who live on campus have more interaction with faculty and peers for social and academic support.

- **Hey!**
- **Hello!**
- **How are you?**
- **Have a great day!**
- **Good to see you!**

If living on campus is not possible, please contact Commuter and Transfer Student Connections (ctcs@plu.edu) for resources and support.
KEEP PLUGGED IN TO PLU

In addition to all the personalized attention you’ll receive at PLU, we also have two fun and easy electronic ways to improve your PLU Experience—and to help you graduate on time.

THE ULTIMATE CAMPUS GUIDE

Whether you’re searching for after-school activities or wondering what’s on the menu for the week, LuteGuide gives you the information you need when you need it. With frequent updates and notifications, you’ll always know what’s going on, from orientation schedules and program registration to schedules, maps, to-do lists and more. Download LuteGuide for free for iOS, Android, Blackberry and Amazon Kindle devices at guidebook.com/g/plu.
128 is the number of credits it takes to graduate from PLU—and it’s also our regular email newsletter designed to keep you on track to graduate in four years. Timely, class-specific articles and information—from new-student checklists to financial aid options and choosing-your-major tips—prepare you for success in the upcoming year and beyond.

YOUR PRE-PLU CHECKLIST

APRIL

- Come visit campus during the April 12-13 Lute OverKnight.
- Send in your $200 Enrollment Deposit to reserve your spot in Fall's class, and sign up for campus housing: www.plu.edu/bealute.
- Once your deposit is made, activate your ePass PLU email account. Go to www.plu.edu/myepass.
- Complete your online payment contract at www.plu.edu/student-services (you need to do this before you can register for classes).
- Sign up for your New Student Registration appointment: www.plu.edu/academic-advising.
- Read and complete the New Student Checklist from your financial aid folder or go to www.plu.edu/student-services.

MAY

- Complete and return your New Student Information and Medical History Record (from your acceptance mailing).
- Submit your $200 Enrollment Deposit (it’s nonrefundable after May 1).
- Complete your Math and Foreign Language placement evaluations.

JUNE

- Check your PLU email for your edition of 128.
- New Student Registration: June 17, 18, 19, 22 & 23.
- Have final transcripts sent to the PLU Registrar Office.
- Check your PLU email for a new edition of 128.

JULY

- Check your PLU email for a new edition of 128.
- Look for Orientation details in your PLU email.
- Deadline for returning your Medical History Record forms.
- Check your July billing statement for Lute Discount information.
- Students with disabilities should provide documentation to the Disability Support Services office to ensure appropriate accommodations can be made by fall.
- Who’s your roommate? Look for an email from Residential Life at the end of the month!
- Read the Common Reading Program book.

AUGUST

- Check your PLU email for a new edition of 128.
- Prospective athletes: Turn in your Athletic Medical Clearance form: golutes.com/information/sportsmedicine.
- Look for your billing statement from the Business Office.
- Check your PLU email to learn your Academic Advisor assignment.
- Check your PLU email to complete the “Think About It” module before Fall Orientation.
- First tuition payment due Aug. 25.
- Register your vehicle for on-campus parking: www.plu.edu/campus-safety/parking.
- Look for emails from New Student Orientation and Residential Life regarding Orientation and move-in instructions.
