Tentative Course Offerings by the Biology Department Over the Next Two Years *(Revised Apr 2020)*

Please note that the frequency and timing of course offerings below is **SUBJECT TO CHANGE WITHOUT NOTICE**, because of changes in faculty availability, sabbaticals and leaves, and other circumstances. Please confer with the department chair to confirm the offerings of specific courses and check the Banner interactive schedule for each semester’s course schedule.

**Blue = Molecular/Cellular Distribution; Red = Organism Structure and Function Distribution; Green = Ecology and Evolution Distribution**  
**Z = Zoological Course; B = Botanical Course**

<table>
<thead>
<tr>
<th>Fall Semester 2020</th>
<th>January Term 2021</th>
<th>Spring Semester 2021</th>
<th>Summer 2021</th>
</tr>
</thead>
</table>
| Introductory Microbiology  
Human Anatomy and Physiology I  
Molecules, Cells and Organisms  
Genes, Evolution, Diversity and Ecology  
Genetics  
Molecular Biology  
Plant Development and Genetic Engineering  
Biology of Tissue Formation  
Mammalian Physiology  
Conservation Biology & Management  
Capstone Senior Seminar | Economic and Cultural Botany  
Biology of Reproduction  
Tropical Marine Biology | Biology and the Modern World  
Human Anatomy and Physiology II  
Molecules, Cells and Organisms  
Genes, Evolution, Diversity and Ecology  
Genetics  
Developmental Biology  
Microbiology  
Neurobiology  
Virology  
Comparative Anatomy  
Science Education Partnership (NSCI 350)  
Capstone Senior Seminar | Human Anatomy and Physiology I  
Human Anatomy and Physiology II |
