## SELF-REGISTRATION INSTRUCTIONS - Pacific Lutheran University

Pacific Lutheran University has elected to use the SafeColleges online safety training program to train students on campus-related safety issues. SafeColleges offers trainings in all facets of campus safety issues, and its compliance management system tracks all the training for the university, allowing us to easily demonstrate state and federal compliance with safety mandates.

As a student who requires safety training, you will need to register yourself to the system in order to receive your active assignments. There are two ways to do this.

Use your registration key: 932fbf1e

Go to your SafeColleges homepage, <https://plustudents-wa.safecolleges.com>, and click "Register" (below the "Login" button). On the next screen you will be prompted to enter the registration key above. Next you will be prompted to enter some basic information, including a username of your choice, which you will use to login to the system moving forward.

Use the "quick link" registration URL:

<https://plustudents-wa.safecolleges.com/register/932fbf1e>

Enter the address above to your internet browser, and you will be taken directly to the registration page here you will enter your basic information, including your username.

Once you login to the site, you will see a list of courses assigned to you and the date on which they are due. To begin a course, click on the title then follow the prompts. To earn a certificate of completion, you must complete all sections of a course and pass the quiz. You do not have to take SafeColleges courses in one sitting, however; if you are called away, the system will remember where you left off and allow you to pick up again at that point.

Your participation will help to make Pacific Lutheran University a safer place to work and learn!
