UNDERGRADUATE POLICY
REGISTRATION PROCESS
Pacific Lutheran University’s registration process begins with the idea that all students have opportunity to register for classes in an orderly manner. Advising and Registration are intertwined at PLU and students are
encouraged to meet with their advisor early in the Registration process to determine the number, level and
distribution of courses that meet major/minor and general education elements towards a degree. As with most
institutions, fairness is the governing principle – balancing seniority with access to courses for all students.
Seniority is the ruling principle of registration (students register in descending order starting with graduate
students, then undergraduate students with senior-level hours, juniors, etc.). Students’ registration “windows”
open at their specific time and remain open until the close of registration (normally the end of the current
term).
Registration for January term and spring semester is divided into multiple periods: the first week for currently
enrolled seniors and juniors; the second week for currently enrolled sophomores and first-year students.
Incoming students will be registered as designated by Academic Advising after the currently enrolled student
registration period.
Registration for summer and fall semester is divided into multiple periods: the first week for currently enrolled
seniors and juniors; the second week for currently enrolled sophomores and first-year students. Incoming
students will be registered as designated by Academic Advising after the currently enrolled student registration
period.
The non-seniority exceptions to registration include:
• International Honors Program students – these students’ registration windows open at the beginning of
  their class-level cohort.
• Students with documented disabilities requiring early registration, as determined by the Director of
  Disability Support Services – these students’ registration windows open on the first day of registration if it
  is a needs-based accommodation for their disability.
• Study Away students enrolled in a semester-long study away program affiliated with the Wang Center –
  these students’ registration windows open at the beginning of their class-level cohort.
• Military Veterans using federal benefits as designated by a certifying official - these students’ registration
  windows open at the beginning of their class-level cohort.
• International students completing a Study Away from their home university at PLU and intending to
  transfer credits back – these students’ registration window opens at the beginning of the sophomore level
  cohort.

Any changes to the order of registration is decided upon and approved by the faculty.

Registration for Returning Students
Returning students will receive registration time appointments to register for Summer/Fall terms and for
January/Spring terms. Registration dates are determined by the number of hours, including transfer hours,
completed by the student. Students may register for each new term or Summer Session on or after the
designated date.
Registration for Entering Students
New student registration for entering students occurs during June or January, depending on whether students
begin in the Fall or Spring Semester. Registration is conducted by the Office of Advising. Registration
materials are sent to all accepted entering students well in advance of their arrival on campus for their first
semester.
Most students meet in person with a registration counselor as they register for courses. Students may also
register by phone.
