

# FUTURES PROGRAM

## IT STARTS HERE

The PWX Futures Program is the starting point for new connections, that will grow your network, and increase your career opportunities. Set in conjunction with APWA's National US Conference: PWX, join 5,000 public works professionals from across the globe for a day of interactive learning, networking, and discovery.

### WHAT TO EXPECT:

Interaction with passionate professionals from a broad range of backgrounds and fellow students who are interested in public works.

### WHO SHOULD ATTEND:

#### Students, Recent Graduates, and Young Professionals

Public works is a growing field with many career opportunities beyond engineering. Whether you are looking for a career within a local government or a consulting agency, there are a wide range of skills needed to maintain public infrastructure and serve our communities.

**Monday, September 9, 2019**

**7:30 am - 4:30 pm**
