

2020 SUMMER INTERNSHIPS

Are you passionate about science that has the potential to protect the environment, enhance human health, and improve agriculture?

Boyce Thompson Institute's NSF & USDA REU Plant Genome Research Program (PGRP) offers an opportunity to work side-by-side with plant science experts and gain experience in:

- Genetics and Genomics
- Molecular Biology
- Biochemistry
- Biotechnology
- Bioinformatics
- Plant Defense

PROGRAM DATES:

Undergrad: June 01, 2020 - August 07, 2020

High School: June 24, 2020 - August 07, 2020

SUPPORT: Undergraduate interns receive free group housing, \$850 for meals, travel reimbursement, and \$5,750 stipend over 10 weeks. High school interns will receive a \$3,100 stipend over 7 weeks.

ELIGIBILITY: Undergraduate applicants must be (1) US citizens or permanent residents, (2) enrolled in a college/university and not graduated by June 1, 2020, and (3) at least 18 years of age by June 1, 2020.

High school applicants do not have to be US citizens, but must be living locally during their internship (within a daily commute of Ithaca). High School students are not eligible for housing, travel, or meal allowance.
