

# PNNL Lab Day

Pacific Northwest National Laboratory (PNNL) Lab Day is designed for undergraduate and graduate students in the Pacific Northwest who will benefit from a greater understanding of international safeguards technologies and engagement with PNNL experts.

## EVENT DETAILS

- » **Who:** Regional university students
- » **What:** Half-day introductory nuclear safeguards course
- » **When:** May 14, 2021
- » **Where:** Virtually via Zoom
- » **Why:** To introduce students to the topics of nuclear nonproliferation and international safeguards and familiarize them with PNNL.

## OBJECTIVES

This 1-day course features flash-topic seminars that provide introductory knowledge on various nonproliferation and safeguards topics.

Highlights of PNNL's Lab Day include:

- » Engage and network with safeguards experts
- » Learn about internship opportunities
- » Gain introductory knowledge on nuclear safeguards technology, safeguards policy and concepts, environmental sampling, and data analysis and safeguards.

## HOW TO APPLY

Please apply to the event on the Nonproliferation Portal at [nonproportal.energy.gov](https://nonproportal.energy.gov)

Registration will be open until April 10<sup>th</sup>, 2021.

This course is FREE to university students who are accepted.
