

General Education Council Initiatives
Academic Year 2011-12

1. Continue to implement the assessment cycle with two projects:
 - a. curriculum mapping of the multiple frameworks ILO with the Perspectives on Diversity element (see memo to faculty).
 - b. continue to implement both electronic survey of students at the end of Spring semester, and consider the use of focus group interviews.
 - c. continue to gather information and data on the capstone experience at PLU.

2. Continue gathering data and providing resources on effective capstone experiences:
 - a. gather data on how different departments include capstone in load; what is the responsibility of faculty within each department to participate in capstone experiences beyond credit in load for teaching the capstone course?
 - b. provide opportunities for faculty to discuss strategies for successful capstone experiences with students through particular faculty development experiences
 - c. begin to post capstone presentation schedules on the General Education website.

3. Update the General Education Website:
 - a. use the website to communicate assessment results
 - b. use the website to communicate General Education Council work
 - c. use the website to provide resources for faculty teaching a General Education course
