Retirement

Employee/Employer Matching Contributions - The University's 403b retirement plan is one of the best offered by small private universities. Contributions are invested with TIAA (Teachers Insurance and Annuity Association) www.tiaa.org/plu. There is a **one-year waiting period** before new employees may participate in the retirement plan (unless they have participated in a qualified retirement plan within the past year).

Once an employee is eligible, the University will contribute 7.5% of the employee's salary to their retirement account. The employee's elective deferrals of up to 6% of pay will be matched by the University in an amount equal to 50% of the amount the employee elects to defer, with a maximum University matching contribution equal to 3% of pay. See chart for PLU contribution calculation.

Employee's Contribution	PLU's Contribution
0%	7.5%
1%	7.5% + .5% = 8%
2%	7.5% + 1% = 8.5%
3%	7.5% + 1.5% = 9%
4%	7.5% + 2% = 9.5%
5%	7.5% + 2.5% = 10%
6%	7.5% + 3% = 10.5%

Employee Voluntary Non-matched Contributions - This account provides employees with an opportunity to accumulate additional tax-deferred retirement savings on a voluntary basis. No waiting period is required. IRS restrictions do apply in calculating the maximum amount that may be tax-deferred. Contributions are invested with TIAA.

The one-year waiting period may be waived for new employees who have had prior group LTD coverage with no lapse in coverage and documentation of prior policy. In the event of long-term total or partial disability, the plan pays 60% of covered monthly salary to a maximum benefit of \$6,000 per month. Any deductible sources of income are subtracted from this payment. Benefits commence on the first of the month following 90 days of documented total or partial disability.

Paid Leave

• Holidays/Vacation

The number of University-observed holidays varies slightly each year. During academic year 2019-2020, there will be 13.5 paid holidays from September 2019 through May 2020. Although faculty members do not accumulate vacation in the same sense as staff do, the number of days of released time due to breaks and recesses averages at least 12 for the nine-month school year.

• Medical Leave

Any regular faculty member in a "with benefits" employment status who has completed at least one year of employment with PLU may request from the applicable academic administrator a Family/Medical Leave of Absence (which may be paid or unpaid) for up to one academic semester, or up to twelve weeks, whichever is greater. Tuition Benefits

The University has a strong commitment to life-long learning which it supports through the following tuition assistance programs and by offering a number of additional on- and off-campus professional development programs. For complete information, refer to the Tuition Benefits Policy.

• Tuition Exchange

The University participates in two programs which offer tuition exchange benefits for qualified dependent children of eligible University employees. Both programs have specific application deadlines, eligibility requirements, and are competitive and not guaranteed.

- The Tuition Exchange, Inc., an association of over 677 institutions all across the United States providing varying levels of tuition discounts. This benefit is available to full-time employees who have completed three years of service, and is based upon additional University criterion. Only a limited number of dependents typically receive the benefit each year. www.tuitionexchange.org
- The Evangelical Lutheran Church in America (ELCA) Tuition Plan Program includes 24 colleges and universities. These institutions provide tuition remission to qualified PLU dependents. This benefit is available to both full-time and part-time employees who have completed three years of service.

• Tuition Remission

The waiting period for tuition remission benefits for PLU courses is the beginning of the school term following completion of one year of service. Once the applicable waiting period has been completed, an eligible employee and/or eligible dependents may apply for tuition remission. Dependent eligibility is defined as a legal spouse, domestic partner (affidavit required), or a child who is under the age of 25, is unmarried, and is claimed as a dependent on the employee's IRS form 1040.

The tuition remission benefit available at PLU is:

Employee Length of Service	Employee	Eligible Dependent
Less than 1 year	-0-	-0-
At least 1 full year, and up to 2 full years	50%	-0-
Over 2 full years, and up to 3 full years	75%	50%
Over 3 full years of service or tenured or tenure-track faculty	90%	75%

Employees working at least half time (.5 FTE) but less than full-time (1.0 FTE) may multiply their full-time equivalence (FTE) by .50, .75 or .90, depending on their length of service, to determine the percentage of remission. Tuition remission is also prorated for eligible spouses, domestic partners, and dependent children. Master's level tuition remission is available to eligible employees, spouses, and domestic partners and **will be taxable income to the employee, will most likely increase taxes withheld, and decrease net pay.**
