

## Term Life Insurance

can provide money for your family if you die or are diagnosed with a terminal illness.

### How does it work?

You choose the amount of coverage that's right for you, and you keep coverage for a set period of time, or "term." If you die during that term, the money can help your family pay for basic living expenses, final arrangements, tuition and more.

### Why is this coverage so valuable?

If you buy a minimum of \$10,000 of coverage now, you can increase your coverage in the future up to \$350,000 to meet your growing needs. You won't have to answer any health questions or take a health exam.

### Who can get Term Life coverage?

If you are actively at work at least 1040 hours per year, you may apply for coverage for:

<b>You</b>	Choose from \$10,000 to \$500,000 in \$10,000 increments, up to 5 times your earnings.  You can get up to \$350,000 with no health questions. This is your guaranteed issue amount.
<b>Your Spouse</b>	Get up to \$250,000 of coverage in \$5,000 increments. Spouse coverage cannot exceed 100% of the coverage amount you purchase for yourself.  Your spouse can get up to \$50,000 with no health questions, if eligible (see delayed effective date). This is their guaranteed issue amount.
<b>Your Children</b>	Get up to \$10,000 of coverage in \$2,500 increments if eligible (see delayed effective date). One policy covers all of your children until their 19th birthday – or until their 26th birthday if they are full-time students.  The maximum benefit for children live birth to 6 months is \$1,000.

**Delayed Effective Date:** If your spouse or child has a serious injury, sickness, or disorder, or is confined, their coverage may not take effect. Payment of premium does not guarantee coverage. Please refer to your policy contract or see your plan administrator for an explanation of the delayed effective date provision that applies to your plan.

### What else is included?

#### A "Living" Benefit

If you are diagnosed with a terminal illness with less than 24 months to live, you can request 75% of your life insurance benefit (up to \$500,000) while you are still living. This amount will be taken out of the death benefit, and may be taxable.

#### Waiver of premium

Your cost may be waived if you are totally disabled for a period of time.

#### Portability

You may be able to keep coverage if you leave the company, retire or change the number of hours you work.

Employees or dependents who have a sickness or injury having a material effect on life expectancy at the time their group coverage ends are not eligible for portability.
