TROLLS: FACT OR FICTION?

“The government says there’s nothing to worry about – it’s just a problem with bears making trouble in the mountains and forests of Norway. But local hunters don’t believe it – and neither do a trio of college students who want to find out the truth. Armed with a video camera, they trail a mysterious “poacher,” who wants nothing to do with them. However, their persistence lands them straight in the path of the objects of his pursuits: trolls.”

Dr. Claudia Berguson, Associate Professor of Norwegian and Scandinavian Studies, & Dr. Troy Storfjell, Associate Professor of Norwegian and Scandinavian Studies will introduce the film.
