Swing \( \frac{3}{4} \) = 120

\( \text{mf} \)

Play either the written bass line or
play your own "walking" bass line
based on the chords. You may also
play two times through if possible.
One chorus of the written line, one
with your own bass line based on
the chords.

\]

Play 1 time through with a swing feel.
Try to catch the "queues" written at the top of the staff as you are playing time.
If you do not feel able to do that, just play time, but do play the short ending figure in measure 12.
