CONCERT ATTENDANCE REQUIREMENT

Experiencing a variety of live musical performances is an important aspect of private music study. For this reason, all students taking private lessons are required to attend a certain number of department-approved performances. The specific policy is as follows:

- 1 All full-time undergraduate students registered for private lessons in performance or composition (Music 201-219, 327, 399, 401-419, 421 and 499 Capstone Student Project: Senior Recital or Project) are required to attend (6) on-campus, Music Department-sponsored concerts each semester. Concerts will be chosen from an approved list published at the beginning of the semester and available from the Music Office.
- 2 The six required concerts will include: ONE concert given by faculty or guest professional artist, and • TWO concerts given by Music Department Student Ensembles, and

ANY THREE concerts chosen from the approved list without regard to category.

- 3 Concerts in which the student performs will not count toward the total.
 - Students who attend 6 concerts but fail to attend concerts in the required categories will receive a grade one grade level lower than their earned studio grade (i.e., "A" becomes "A-").
 - Students who attend 4 or 5 concerts will receive a grade one level lower than their earned studio grade (i.e., "A" becomes "A-").
 - Students who attend 2 or 3 concerts will receive a grade two levels lower than their earned studio grade (i.e. "A" becomes "B+").
 - Students who attend 0 or 1 concerts in a semester will receive a grade one whole lettergrade lower than their earned studio grade (i.e. "A" becomes "B").
 - e. Concert Attendance will not lower the private lesson grade below "C". Students with earned private lesson grades less than the "C" will maintain their earned grade.
- 4 Concert attendance checks, record-keeping and grade adjustment will be the responsibility of the Music Office.
- 5 Incomplete grades will not be given to any student who did not fulfill their Concert Attendance Requirement.

REQUESTS FOR MODIFICATION OR WAIVER OF REQUIREMENT

Turn completed requests into Debbie Banry, Music Office Concert Attendance Manager.

If you feel that you should be excused from any part of the concert Attendance Requirement because of genuinely extraordinary circumstances, you may submit a modification/waiver request to the Music Department Curriculum Committee during the first month of the semester.

The deadline to turn the Modification or Waiver: October 4 (Fall Semester) February 25 (Spring Semester)

The request must contain the following items or it will be returned to the requestor with instructions to complete all the required steps (pick up waiver request form in the Music Office to help guide you through this process). Students are still required to complete the Concert Attendance Requirement until they receive official notification of approval of modification or waiver request. FOLLOW THESE STEPS EXACTLY. A student must provide:

- A clear statement of the change being sought. Example: lowering the number of concerts required, altering the mixture of required concerts, or waiving the requirement altogether.
- 2. A clear explanation of the specific circumstances which argue for changing the requirement. Example: evening classes, work schedules, conflicting commitments.
- 3. Proof of the circumstances cited above, other than PLU class conflicts. Examples: work schedule validated by supervisor's signature and phone number, registration confirmation and course schedule for non-PLU courses, validated military duty assignments, etc.
- The published Music Department Approved Concert/Recital List for the current semester with all of the concerts which the student is unable to attend clearly marked.
- 5. Signatures of both the student and his/her private instructor.

Students will usually be informed of the outcome of their request within one week.

SEMESTER JURIES

The Semester Jury is the conclusive learning experience for students taking private lessons. It is a unique opportunity for students to demonstrate their performance ability and achievement before members of the music faculty and to receive comments and encouragement. Although the Semester Jury is not graded, it provides a focused conclusion to private lesson study each semester.

- 1 All students receiving private instruction for university credit, except those students registered for Music 499: Senior Capstone Project will take a Semester Jury at the completion of the semester. Piano students who have passed the Piano Proficiency examination during the semester are not required to take a piano jury. However, they are required to take jury in other lesson areas.
- 2 Students receiving private instruction in more than one performance medium will take a jury in each of those media.
- 3 The Semester Jury Committee will include faculty members from the student's area of performance.
- 4. Juries will be held on the Friday preceding final Examination Week of each semester.
- 5. The student is responsible for:
 - a. Filling out the *Record of Private Instruction* form and submitting it to the Jury Committee at the time of the jury.
 - b. Signing up for a jury time.
 - c. Selecting, in consultation with the private lesson instructor, material to perform for the jury. Total jury time allotted for each student will be approximately 7 minutes.
- 6. Verbal and/or written comments will be given to the student at the end of the jury.

Record of Private Instruction forms are available from the Music Office or the private instructor, and *Semester Jury Signup Sheets* are posted in the Music Office on the Monday preceding juries.

Juries are organized in the following groups: Voice, Piano, Strings and Guitar, Organ and Harpsichord, Woodwinds, Brass and Percussion.
