 Class Schedule banweb.plu.edu

The two-year course cycle is a planning document to assist students in planning their academic programs and to allow the department to anticipate staffing course offerings, this is subject to change depending on the university budget, instructor availability, and low enrolled courses. Should a substitute be made, the new course title will continue to fulfill the major/general education element. While every effort will be made to conform to course needs, students are encouraged to meet with their advisor on a regular basis when planning their pathway to success at PLU. The class schedule on Banner Web (banweb.plu.edu) provides the most up-to-date course information.
