

23rd Annual Natural Sciences Academic Festival

POSTER PRESENTATION SESSION

Instructions for Students Displaying Posters

5:00 PM, *Wednesday, 10 May, through 12:30 PM, Friday, 12 May*

The 8' tall x 4' wide foam-core poster boards are arranged throughout the Rieke Science Center Floor 1 Lobby and Hallways.

Student mounts poster on ***any vacant*** poster board (***no numbering***) with provided push pins:
A box with NSCI -provided push pins sits on the shelf outside of the Administrative Assistant's office, RCTR 158.

Students must use only push-pins or binder-clips to attach posters to the boards, because other methods ruin the boards that are re-used many times.

1:45–3:45 PM, *Friday, 12 May*

Student stands by own poster for a minimum of ½ hour to answer questions about the poster

3:00 PM, *Monday, 15 May through 12:30 PM, Wednesday, 17 May*

Student removes own poster from poster board and returns push pins to the NSCI Division box.

Thank you for assisting in making this year's festival a success
