Based on this athlete's history and physical examination, I do not identify any contraindications to participation in competitive athletics.  
 It is my medical opinion that this student should **not** participate in competitive athletics  
 Reason \_\_\_\_\_

I have examined the above-named student and completed the pre-participation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office. If conditions arise after this examination, the provider may prohibit the athlete from participation until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians when applicable.)
