

Judges Initials: _____

SSRSEF Scientific Feedback Form (6-8): This form is for project feedback only and reflects the minimum requirements. Meeting all the standards does not guarantee an award.

Scientific Process Presentation Board:

Includes the following components:

	Meets Standard	Doesn't Meet Standard
Problem investigated		
Hypothesis tested using measurement		
Test using measurement performed		
A list of materials and procedures		
Observations and measurements were recorded		
Variables are clearly stated with multiple trials		
Data were accurately collected and analyzed using data charts and clearly labeled graphs		
Multiple trials were run		
A conclusion was drawn based on observations and data		
Hypothesis was clearly explained why it was accepted or rejected		
Display board is sturdy and neat, with an attractive layout		
Spelling and grammar are accurate		
All safety issues are addressed		

Oral Presentation: Communicates clearly and effectively

Uses appropriate speed, volume, and expression		
Thoroughly explains the process, results, and significance of the project		
Answers questions science based questions related to the project		

Journal: Writes clearly and effectively, writes in a variety of forms for different audiences/purposes

Scientific notebook or journal includes:

Background research and information		
An explanation of the hypothesis, procedures, and materials used		
A complete record of tests and test data		
A clear explanation of the project		
Is neatly written		
Proper spelling and grammar		
Safety concerns		

Strengths of this Project:

Areas for Improvement:
