Discovery Regional Science and Engineering Fair c/o  
South Sound STEM Fair Alliance  
PO Box 73232  
Puyallup, WA 98373

### Student Information

Name of student as listed on registration: \_\_\_\_\_

Grade Level: \_\_\_\_\_

School: \_\_\_\_\_

I give my permission for my child \_\_\_\_\_ (Student's Name) to participate in the Discovery Regional Science and Engineering Fair. We are aware that our child's competition project will be judged and our child will participate in the oral presentation. We are aware a STEM project is a big commitment that takes time to plan and conduct. We understand it is a public event and a signed waiver is necessary to participate by all students. We understand the rules and are willing to assist our child as needed. We are also aware that transportation to and from an in person fair is our obligation. I will accompany my child during the STEM Fair. Note that the 2022 fair is a virtual fair.

**I give my consent to have my child photographed and/or recorded for video and/or audio reproduction to be used in television, Internet, print programs and promotions, associated with the South Sound Regional Science and Engineering Fair nor will I receive financial compensation for released media. This authorization releases The South Sound STEM Fair Alliance from any or all liabilities that may result from participation. We understand any revocation of this consent should be given in writing.**

**We are voluntarily complying with the Children's Online Privacy Protection Act (COPPA) for students under the age of 13: The South Sound Science Fair Alliance does not provide personal information to third parties. We collect students name, grade, school, teacher, project name, address and email address of parents directly from the student or parent. We collect our data in the normal business of conducting a STEM Fair. Upon completion of the fair, the collected data will be deleted from our files. In compliance with COPPA we will not associate names with photos or video for participants under 13 years of age. We will not require students to disclose more information than is reasonably necessary to participation in our science fair. Parents can review their child's information and direct the SSSFA to delete the information. Parents need to contact the fair director to exercise their rights under this act.**

**Please fill out on back, sign and date.**
