

Course Sequencing 4-Years

Most students complete the prerequisites for the social work program their first two years. They then take major courses during their junior and senior years. A typical sequence of courses is as follows:

	FALL	SPRING
<u>1st year</u>	Psychology 101	Sociology 101
<u>2nd year</u>	Biology 111	Anthropology 102
<u>3rd year</u>	HBSE (SOCW 245) Social Policy I (SOCW 250) Research Methods (SOCW 232)	Social Work Practice I (SOCW 360) Social Policy II (SOCW 350) Statistics (STAT 233)
	(One (4 cr.) Sociology or Social Work elective)*	
<u>4th year</u>	Social Work Practice II (SOCW 460) Field Experience (SOCW 475) Field Seminar (SOCW 485) Capstone Proposal (SOCW 498; 1 cr.)	Social Work Practice III (SOCW 465) Field Experience (SOCW 476) Field Seminar (SOCW 486) Capstone Seminar (SOCW 499; 3 cr.)

Course Sequencing Running Start/Transfer

If you are a student with Running Start, with a Direct Transfer Agreement (DTA) you will need to satisfy the following course equivalents for these prerequisites:

PSYCHOLOGY 101 SOCIOLOGY 101 BIOLOGY 111 ANTHROPOLOGY 102

For transfer/Running Start students wishing to complete the program in two years (assuming that most liberal arts prerequisites have been met), this is a typical course plan:

	FALL	SPRING
<u>3rd year</u>	HBSE (SOCW 245) Social Policy I (SOCW 250) Research Methods (SOCW 232)	Social Work Practice I (SOCW 360) Social Policy II (SOCW 350) Statistics (STAT 233)
	(One (4 cr.) Sociology or Social Work elective)*	
<u>4th year</u>	Social Work Practice II (SOCW 460) Field Experience (SOCW 475) Field Seminar (SOCW 485) Capstone Proposal (SOCW 498; 1 cr.)	Social Work Practice III (SOCW 465) Field Experience (SOCW 476) Field Seminar (SOCW 486) Capstone Seminar (SOCW 499; 3 cr.)

*You may take the sociology or social work elective in any semester where your schedule permits.
