Evaluation is a critical component of professional development	We expect that formal and informal evaluation occur

Evaluation is a critical component of professional development. We expect that formal and informal evaluation occur throughout the semester through supervision, feedback, and discussion of the Learning Plan and Evaluation.

The evaluation is divided into sections that represent the competencies established by the Council on Social Work Education. Under each general section, there is space to list additional tasks or activities that constitute the Learning Plan and that are tailored to each individual student and site.

Each practice behavior is evaluated by the field instructor and the student. After completion, the student and field instructor then meet in an evaluation conference to discuss the student's performance and their respective assessment of learning. It is the student's responsibility to submit a completed, signed form to the Field Experience Seminar Instructor by the end of spring semester.

Practice behaviors will be evaluated using the follow8ing rating system:

- **AC Advanced Competence** Expertly demonstrates awareness, knowledge, and skills with sufficient mastery to teach others.
- C Competence Consistently demonstrates competence and confidence where this is integrated into their practice.
- **EC Emerging Competence** Demonstrates beginning knowledge and skills where this is becoming more integrated in the student's practice.
- **NP Non-sufficient Progress** The student has to consciously work at this area and rarely demonstrates awareness.
- UP Unacceptable Progress The student has not achieved competence despite opportunities, supervision, and feedback.

\*Please note: For program assessment purposes, AC = 95%, C = 85%, EC = 80%, NP = 70%%, UP = 60%

This course is graded Pass/Fail. Emerging Competence (EC), Competence (C), and Advanced Competence (AC) meet minimum competency standards. This rating system does not equate to letter grades. Our expectation is that most students will achieve the Competence (C) level across most behaviors. We expect infrequent ratings of Advanced Competence (AC). A rating of Advanced Competence (AC), Non–sufficient Progress (NP), or Unacceptable Progress (UP) requires explanatory comments.
