2022-23 Special Circumstances – Extraordinary Expenses

Student's Name _____

Email address _____

The 2022-23 FAFSA calculates the Expected Family Contribution (EFC) based on a federal formula that assumes families spend an average amount for “normal living expenses” based on household size. This form allows you to tell us about your living expenses when they exceed those average costs, which may therefore impact your ability to contribute to the student’s educational costs. We can consider these extraordinary costs on this form **with supporting documentation**. Our ability to modify your award offer will depend on the availability of funds and the extent to which your extraordinary expenses reduce your FAFSA’s Expected Family Contribution (EFC). Please check the circumstances that apply to you and provide the information and documentation requested. **No action will be taken on your request unless documentation accompanies your request.**
